

Tuhin Al Rakib

FullStackDeveloper|MERNStack Developer

eng.tuhin77@gmail.com [LinkedIn](#) [Portfolio](#) Gazipur, Bangladesh

SUMMARY

Drive impactful MERN stack development by crafting responsive, scalable web applications with React, Node.js, and MongoDB. Leverage expertise in modern frameworks like Next.js and Tailwind CSS to transform complex design concepts into seamless user interfaces.

SKILLS

Front-end:

React.js, Next.js, Tailwind CSS, Daisy UI, NextAuth, Material UI, Firebase, Redux(RTK), FramerMotion, React Query

Back-end :

Express.js, MongoDB, REST API, Redis, Socket.io, Mongoose, Firebase Auth, Node.js, nodemailer, rate-limit

Payment Method

Stripe Integration, SSLCOMMERCE

Programming Languages

JavaScript, C, C++, Python based dashboards for Admin, Agent, and User.

Cloud and Version Control

Git, JWT, Cookies, Cloud Deployment: Vercel, Netlify, Render

EDUCATION

Diploma in Chemical Engineering

Dhaka Polytechnic Institute

2011 - 2014 Dhaka, Bangladesh

INTERESTS

Coding

Passionate about exploring new technologies and solving complex problems through coding.

LANGUAGES

English

Proficient

PROJECTS

Multi-vendor E-commerce (Rafi-Shop)

Live Link

[User Site](#) [Admin Site](#)

Developed a scalable multi-vendor e-commerce platform enabling multiple sellers to manage products, orders, and payments with role-based dashboards

- Designed and developed a scalable multi-vendor e-commerce platform with separate dashboards for users, vendors, and admins, ensuring role-based access control
- Implemented secure authentication, product management, order processing, and payment workflows focusing on performance, security, and business requirements.
- Built a responsive, user-centric UI with modern frontend practices, optimizing load time, usability, and cross-device compatibility for a seamless shopping experience

Real Estate Platform (Habikon)

Live Link

[Live Site](#) [Github](#)

A full-featured MERN application for property buying, selling, and managing.

- Developed and implemented secure, role-based dashboards for Admin, Agent, and User.
- Developed wish-list, offers, reviews, and Stripe payment integration.
- Built responsive UI using React, Tailwind CSS, DaisyUI.

CERTIFICATION

Complete Web Development Course by Programming Hero

Completed an intensive course on advanced

Web development techniques and best practices at MERN stack technology.

STRENGTHS

Problem Solving

Developed innovative solutions resulting in improved system performance by 30%.

Collaboration

Worked closely with cross-functional teams to deliver complex projects on time and within budget.
